COMMANDMENTS

1 THOU SHALT USE A PRIMER FOR MODEL-AWORTHY SKIN
The trick to a smoother, more even complexion is primer. Apply it before foundation – or mix it into your foundation – for a flawless finish. It smooths out any bumps and also fills in any fine lines or wrinkles.

2 THOU SHALT USE A TREATMENT FOR RUNWAY HAIR
Treat your locks to some TLC. Aside from regular trimming and using a hydrating shampoo and conditioner, invest in a hair treatment or leave-in mask once a week. It will repair your hair's structure, increase shine and colour longevity as well as leave it feeling soft and healthy so you have a gorgeous, model-looking mane.

3 THOU SHALT USE MASCARA FOR CATWALK EYES
It's all about the eyes. Mascara opens up your peepers therefore makes you look fresh and awake. Invest in a good-quality black mascara and apply after using an eyelash curling wand.

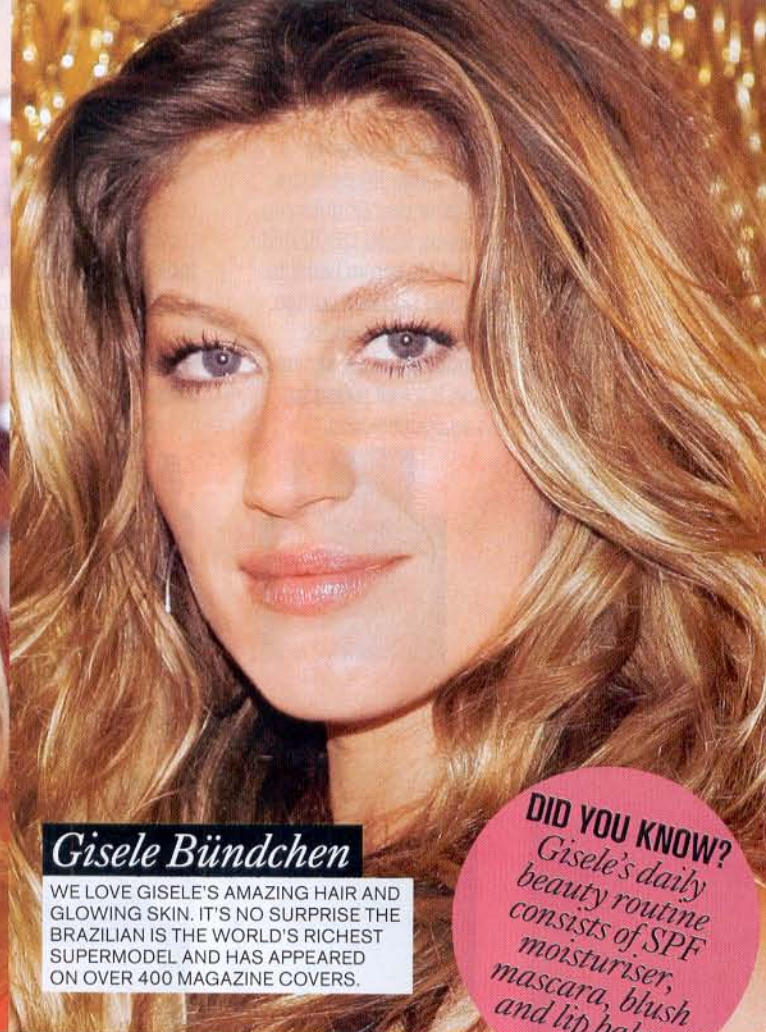

4 THOU SHALT STICK TO NEUTRALS FOR THAT CLASSIC MODEL LOOK
The secret to copying runway beauty is to stick to natural-looking make-up. Use a luminous, dewy and lightweight foundation over the top of an illuminating primer or make-up base. Use a bronzer or light-coloured blush and finish with lashings of mascara and then a sheer lip colour.

5 THOU SHALT USE BRONZER FOR A GORGEOUS, MODEL GLOW
Apply a mineral bronzer for an all-over natural colour. Using a blush or contouring brush, sweep it on from the apples of your cheeks, along your cheekbones and up to the brow bone. This will create a fresh facial tan – or apply it all over your décolletage for a gorgeous body glow. With an increased awareness these days of the damage the sun can do to skin, bronzer is a godsend and makes any girl look like a sexy woman – with ease!
